To Whom It May Concern:

It is with great pleasure that I recommend Maninderjit Singh, RN for the position of Registered Nurse with your organization. From the beginning of his Associate in Applied Science Degree at New York City College of Technology through completion of the RN-BS program, Maninderjit has demonstrated initiative and determination, as well as competence. Maninderjit works well with his peers in class and is conscientious while providing care for his clients in each clinical setting. He has also exhibited independence and dedication as an advocate for his peers while in class, and for his clients while in the various clinical settings he has worked in throughout his time in the nursing program.

I feel Maninderjit will be a strong representative as a Registered Nurse in your organization because he has proven strong leadership skills in class as well as competently performing every clinical skill and task assigned. Having had the pleasure of teaching Maninderjit in both the AAS and RN-BS programs, I have seen his skills and professional demeanor evolve over the last few years and know he will be a tremendous asset to the nursing profession.

Please feel free to contact me should you require anything further.

Sincerely,

Michelle Gellar, RN, MSN, MPH  
Assistant Professor of Nursing  
Course Coordinator
