

Authorizing Max 8 via KeyFile

Cycling '74

Please follow these instructions to authorize Max 8 on your personal machine using the KeyFile system:

- 1) Download and install [Max 8](#).
 - a) If you already have Max 8 installed, launch the application, go to Help > User Account and Licenses, sign out of your account, then quit Max.
- 2) Download and unzip the attached "maxkey.txt" file.
- 3) Place the "maxkey.txt" file in one of the following locations and Max will automatically authorize when launched.

Mac:

/Library/Application Support/Cycling '74/Max 8/Authorization/ (You will need to create the *Cycling '74/Max 8/Authorization/* folders EXACTLY as written here.)

Win:

C:\Program Files\Cycling '74\Max8\

- 4) Make sure that you have WiFi connection, then launch Max 8.
- 5) Navigate to Help > User Account and Licenses. In the window that opens, you should see a message saying that you are authorized. Have fun patching!

If you encounter any difficulties, email the Cycling '74 Support department at support@cyclimg74.com.
