**COURSE DESCRIPTION:**

The study of theories related to appearance, clothing, and fashion, and their influences on cultural identities, gender perceptions, and fashion product consumption. Examines contemporary dress from cultures outside and within the United States.

Dress is analyzed as a communication system that indicates individuality as well as position within specific social systems of kinship, economy, religion, and polity. Technologies and types of dress of a particular society are analyzed and understood as they link to patterns of behavior such as beliefs about morality, hygiene, ritual, and beauty.

2. *Thoroughness* - Students must have covered all topic areas. Students should provide adequate coverage within each topic area.
3. *Accuracy* - Students must have reached appropriate conclusions from the information they received. Students must have applied course material accurately, reflecting knowledge and understanding of the material.
4. *Professionalism and Creativity* – The promotional package and presentation should reflect professionalism in preparation and clarity, and creativity. They should be attractive and eye-catching. The promotional package and presentation should show evidence of advanced work and planning.

### COURSE POLICIES AND PROCEDURES:

#### ATTENDANCE:

Class attendance is expected. Although students are graded on academic achievement and performance rather than on attendance per se, **there are several in class activities, assignments, and quizzes that are completed and handed in during scheduled class times. These assignments are required and contribute to the final course grade.**

Students who are not present in class on the days of these assignments will **NOT** be given the opportunity to make-up these activities unless recognized by The New York City College of Technology. It is *recommended* that a student's personal appointments (i.e., medical) be scheduled at other than class times (this includes job interviews).

**If you are absent when an assignment is due, you are responsible for having the assignment turned in at the start of the class period should you want credit. If you are absent from class, you are responsible for the material covered.** Please contact peers via Blackboard. Should you need further explanation, please make an appointment to see me.

In addition to class attendance, it is also expected that students **will complete readings** and homework as assigned and participate in class discussions to the extent that it is possible in a class setting. Participation is important in this course.

When students' share their thoughts and experiences, class concepts become concrete in their minds as well as in the minds of other students. It is the sharing of our experiences that helps us to learn from each other as well as about each other. Members of this classroom will practice inclusively. We will listen to one another's views with respect regardless of race, gender, sexual orientation, or disability.

### **ACADEMIC INTEGRITY:**

The principles of academic integrity encompass simple standards of honesty and truth. Each member of the College community has a responsibility to uphold the standards of the community and to take action when others violate them. *Faculty members have an obligation to educate students about the standards of academic integrity and to report violations of these standards to the Office of Student Development and Campus Life. Students are responsible for knowing what the standards are and for adhering to them. Students also should bring any violations of which they are aware to the attention of their instructors. Any breach of academic integrity is a serious offense that may result in disciplinary consequences.*

Plagiarism is a violation of the integrity of the academic community. *Representing someone else's work as one's own is a serious academic offense* and may result in failure, suspension, or dismissal.

"Academic Dishonesty is any form of cheating and plagiarism which results in students giving or receiving unauthorized assistance in an academic assignment or receiving credit for work which is not their own."

**All students are expected to agree to a pledge of honesty concerning their academic work, and faculty is expected to maintain the standards of that code.**

*Academic misconduct is defined as any act that violates the rights of another student with respect to academic work or involves misrepresentation of a student's own work. Academic misconduct includes but is not limited to: cheating on assignments, quizzes, or examinations,*

***plagiarizing pieces of work, depriving others of necessary course work, and sabotaging another's work.***

Academic dishonesty on exams, quizzes, or any other graded assignment will result in a zero for that graded activity or assignment.

Academic dishonesty includes use of any unauthorized assistance in taking quizzes, tests, or exams; dependence upon the aid of sources beyond those authorized by the instructor, or the acquisition of tests or other material belonging to a faculty member.

***Plagiarism includes the paraphrase or direct quotation of published or unpublished works without full and clear acknowledgment of the author/source.***

Academic dishonesty will bring about disciplinary action, which may include expulsion from the university. This is explained in the College's online handbook.

### **STUDENT CONDUCT:**

**Loud, disruptive or inappropriate behavior is not permitted and will not be tolerated. Definition of such behavior is the sole judgment of the instructor. This will include, but is not limited to:**

1. *Use of or interruption by any electronic device, especially cell phones.*
2. *Talking amongst students or comments that are made to distract from the class.*
3. *Disrespectful comments to or about anyone or any group of people.*
4. *Food shall be permitted in the class unless it becomes a disruption to the classroom.*
5. *Do not attempt to discuss grades before, during or after class hours. Please make an office appointment for these discussions.*
6. *All rules of conduct in the Student Handbook apply.*

### ***Special Request:***

As Fashion Marketing and Management students and instructors we should be proud and stand out in a crowd. Unfortunately not all fashions are tasteful. Please hold yourself to a higher standard.

### **INFORMATION LITERACY STATEMENT**

Information Literacy is a valuable set of skills that empowers students to become agile information seekers who adapt to changing modes of information delivery and are selective, critical, ethical users of information in all formats. These skills are embedded within course work throughout academic programs.

### **ELECTRONIC DEVICES:**

Many people in our society have not yet learned professional, considerate, behavior regarding electronic devices. Turn off all cellular telephones, beepers, wrist watch alarms, etc. before you enter class. **If your electronic device audibly activates during class, you will be deducted 5 points from your final grade every time the cell phone rings or one is texting.** If you are expecting a life and death announcement from an immediate family member—brother/sister/parent/spouse/child — please notify me before class of that situation.

## **PARTICIPATION:**

Your success in this class depends on your willingness to put effort into your work. You are expected to participate in all large and small group activities, exercises and discussions. Participation will help you understand the subject matter and will be considered when determining your final grade. **Participation is 10% of your final grade. Coming to class is NOT participation.**

## **QUIZZES, EXAMINATIONS, AND GRADING:**

In-class learning assignments are given and completed during class time. These are *unscheduled* but occur frequently. In-class assignments may consist of group activities, short reaction papers and so forth. QUIZZES are in the format of problem solving questions and given at the start of the class. Should you arrive late on that day, you risk missing the quiz. **There are no make-ups on quizzes.** Students who miss any quiz for reasons that are recognized by City Tech (*e.g., documented family emergencies, documented illness and the like the day of absence or the very next class day sent to faculty*) need to contact the instructor prior to missing the quiz.

## **ASSIGNMENTS for HOMEWORKS and COURSEWORK:**

**All Assignments and projects are due at the very beginning of class as scheduled. NO LATE work will be accepted.** Please make sure your assignments are printed prior coming to class. Leave early as trains are always late in NYC. Leave time for elevators. Assignments placed under the professor's door will *not* be accepted. It is the student's responsibility to submit their work on time.

All written work must be **word processed/typed** on standard size 8 1/2" by 11" white paper in Times New Roman 12 font with black ink. **All names must be typed on assignments to be accepted.**

## **ASSESSMENT AND GRADING:**

Grading and add/drop policies are in accordance with University policies. Students need to submit assignments *on or before the due date*.

Grades are assigned based on total points earned in the course. The total number of points a student earns is divided by the total number of possible points. The total possible points are 600. Two hundred points can be earned through examinations and 100 points through quizzes. A student's score is converted into a percentage and grade will be assigned using the scale listed below. **Excessive absence/lateness will affect your grade.**

The course evaluation will consist of the following:

Active Participation	10% of grade
Midterm Exams (2)	100 points
Love Lost	100 points
<u>Final Exam - Cumulative</u>	<u>100 points</u>
<b>TOTAL</b>	<b>440 points</b>

ALL GROUP PROJECTS will present their work to the class.

At the end of the term, **points will be totaled** and grades will be assigned as follows:

**GRADING SCALE:**

GRADE	POINTS	PERCENTAGE
A	414- 440	94 – 100%
B	370- 413	84 - 93%
C	326 -369	74 - 83%
D	282 -325	64 - 73%
F	0 – 281	0 - 63 %

**SCHEDULE OF TOPICS:**

The following is a schedule of topics that will guide the course. How much time is spent on each topic will depend on student's interest and involvement therefore, students will need to be flexible in terms of timing their reading of the assigned materials. When reviewing for an examination be certain to review end of chapter questions in addition to lecture notes and questions.

**Course Schedule:** Readings not in the text are located in library.

## WRITING ASSIGNMENT

Assignment: (200 points)

***Read: Beckerman, I. (1995) Love, Loss, & What I Wore Chapel Hill, NC: Algonquin Books of Chapel Hill.***

The goal of this assignment is to develop an understanding of your consumption patterns throughout your life thus far. After reading *Love, Loss & What I Wore* you should be able to recall different fashions/ fashion styles/ fads that emotionally marked a time in your life.

Create a book of your own that recalls 10-12 times in your life when dress was used a visual marker for the event. For example, you may recall the outfit you wore on your first date, high school graduation, 21<sup>st</sup> birthday, a death, attending camp, first job, a celebration, etc. Make certain to include who or what influenced your particular dress for that occasion. Influences can come from many aspects of your life – your parents, siblings, friends, peers, television, movies, celebrities, books, etc.

You should be able to recall certain facts of the event such as:

- Who?
- What was the event?
- When did it occur?
- Why?
- How was this event marked?
- Discuss the dress you wore.
- Who or what influenced your dress for that event.
- Diagram the dress

Presentation of the book, diagrams, and writing style and grammar will be graded in accordance with APA in-text citations and references. Please keep in mind that even though the assignment may appear enjoyable, professionalism in presentation counts.

## TERM PROJECT

Read Chapters 11 and 12.

### **Term Project: Movie Character Analysis**

**Description:** In this assignment, you are to view a contemporary film, identify, and discuss the socio-cultural influences on the dress of one of the main characters in the movie.

**Objectives:** Identify the context of the movie and the social roles played by the main character. Consider social organizations and social roles that the individual plays and how they influence the character's appearance. Consider the impact of the movie on consumption of current consumers.

### **Activities:**

In this essay, you will cover the following topics:

1. Select and view a film from the following list: (*Insert A list here*). Select one main character for your analysis. Describe the film and the social role(s) of the main character briefly. Describe the context of the characters.
2. In class, ideals for beauty were identified that can influence why a person presents a specific appearance or tries to achieve a specific appearance. In addition to following cultural ideals for beauty, determine other influences that shaped the appearance of the main character in the film you have selected to analyze. How did the costume designer use the appearance of the character to communicate information about this character? What social roles, age, group memberships, and other social group influences were signified by the dress of the character? (Do not forget the definition of dress as both body modifications and body supplements). Did the character undergo any role change? Status change? If yes, how was this change signified through dress? Include appropriate course concepts, theories, and references to readings in support of your analysis. Include a photograph of the character.

**Evaluation Form:**

		Exemplary	Quality	Adequate	Needs improvement	Comments
<b>Content</b>		(72-80pts) (64-71pts) (56-63 pts) (<56pts)				
	Description of the movie and the characters					20 pts
