To whom it may concern:

I welcome this opportunity to write a letter of recommendation for Nathali Ceballos RN in her pursuit of a position as a Registered Nurse at Jamaica Hospital. Clinical evaluations from the associate degree program indicate that Nathali successfully completed the requirements for lecture classes and clinical performance prior to licensure.

After completion of the Associate Degree program, Nathali immediately enrolled in the BSN program, I am her Clinical Instructor this semester in The Leadership Course. She readily seeks opportunities for learning in the Emergency Department , has excellent oral and written communication skills, fluency in Spanish and cultural competency. Nathali has an awareness of the challenges in nursing practice and prior experience in an ambulatory care setting.

Please consider her for an RN position so he can advance in professional nursing competence. If you have any questions you may contact me at plynch@citytech.cuny.edu or 917 821 72 67.

Yours truly,

Patricia Lynch, MEd , RN

Adjunct Associate Professor

New York City College of Technology
