

CMCE 1110: Construction Drawings I

FINAL PROJECT VOORHEES LOBBY DUE December 15 (Beginning of class)

On a properly formatted & bordered 18"x24" sheet of drafting vellum or AutoCAD file (properly named .dwg file and 8.5x11 plot must be submitted before the end of class), you are to draft the following:

- 1st floor plan (include vestibule, gallery, stair to cafeteria, security desk, security gates, etc)
- All drawings are to include)
 - Proper and adequate dimensioning and annotation. (ie. include all information needed for someone else to reproduce the drawings)
 - Drawing titles, drawing scale
 - Room names

December 08: Assigned teams will field measure the Voorhees Lobby. Teams will continue field measuring outside of class as needed. Photos will be very helpful when referencing the space. Start drafting assignment in class if time allows. Professor will observe students to assess ability to properly use drafting techniques and equipment

December 15: Completed assignment is due. Students may use class time to work on final draft. If

EXTRA CREDIT

***NOTE: ALL EXTRA CREDIT ASSIGNMENTS MUST BE SUBMITTED NO LATER THAN THE END OF CLASS **DECEMBER 08**. EACH EXTRA CREDIT ASSIGNMENT SUBMITTED WILL REPLACE LOWEST ASSIGNMENT GRADE**
