

ALUMNI SPEAKER PANEL

CONSTRUCTION MANAGEMENT & CIVIL ENGINEERING

BRANDOW ROJAS

While I was going to school, I was working full time as a concrete inspector and was part of small scale projects, such as side walks, to large scale projects such as the proposed 1000 foot new building “The Spiral” in Hudson Yards. Today, I’m working as a Field Inspector at the Kew Garden Interchange Phase 4. Working at Kew Gardens is a much broader area of inspection. While I’m gaining my experience I’m also preparing to take the Fundamentals of Engineering exam and then the Professional Engineering exam shortly thereafter, to be come a Professional Engineer

AREEBA IQBAL

I graduated from City Tech in 2016, with my Associates in Civil Engineering, then transferred to Manhattan College to complete my Bachelor’s degree. I am currently studying for my MS in Geotechnical Engineering while working for Hardesty & Hanover as a Geotechnical Engineer.

WEDNESDAY, OCTOBER 28, 2020 @ 5:00 PM

This event will be hosted virtually via Zoom. To register go to: <https://forms.gle/3euD2mfpDcCMZhrk9>. Once registered, you will receive a Zoom Meeting invitation closer to the date.

We look forward to your participation, and encourage you to invite your peers and colleagues to join the conversation!
