Dear Media Team,

I am a great admirer of the work that TED is doing, especially converging technology, entertainment and design which today covers almost all topics. I am a junior at New York City College of Technology and I am currently pursuing a major in Communication Design. I am extremely interested in becoming a part of TED's global community as a design intern. I am focused on extending my knowledge in new directions, particularly through new ideas in web design and advertisement.

The reason I want to intern at TED is so I can be exposed and connect myself to amazing, inspiring individuals doing things that we have a common interest in. I want to gain more experience and explore new ideas in design. My future goal is to partner with my 3 brothers and create our own production firm.

If you could spare the time, I would appreciate you granting me an opportunity to meet in person. Thanks in advance for your consideration. I look forward to speaking with you soon.

Sincerely,

Oscar Alberto

Dear New York Public Library,

I am a junior at New York City College of Technology and I am currently pursuing a major in Communication Design. I am extremely interested in becoming a design intern for The Shelby Cullom Davis Museum at The Library for Performing Arts. I am focused on extending my knowledge in new directions, particularly through new ideas in creating 3D models and publication printing process.

The reason I want to intern at The Shelby Cullom Davis Museum is so I can be exposed and connect myself to amazing, inspiring individuals doing things that we have a common interest in. I want to gain more experience and explore new ideas in design. My future goal is to partner with my 3 brothers and create our own production firm.

If you could spare the time, I would appreciate you granting me an opportunity to meet in person. Thanks in advance for your consideration. I look forward to speaking with you soon.

Sincerely,

Oscar Alberto
