

1.Start here

2.Pick an answer  
the question

3.Follow the instructions corresponding  
to the answer you picked.

<b>Step 1</b>	Were you able to access Blackboard?	Yes	Go to Step 2
		No	Reach out to the StudentHelpdesk@citytech.cuny.edu
<b>Step 2</b>	Did you consult the BIO1201 course site?	Yes	That's a good start. Go to Step 3
		No	Please do so and get started with the self-guided orientation (START HERE section on the Blackboard course site)
<b>Step 3</b>	Did you complete the self-guided orientation (START HERE section on the Blackboard course site)?	Yes	Go to Step 4
		No	Please do so by going to the START HERE section on the Blackboard course site.
<b>Step 4</b>	Did you get a grade for the orientation?	Yes	Congrats! Remember you can take it again to get 100% Go to Step 5
		No	Try again and make sure you answer each individual question in all sections; you should then get a grade as soon as you are done
<b>Step 5</b>	Did you watch the first lecture and/or read the first chapter in the lab manual?	Yes	Hurray, you have officially started 😊 Go to Step 6
		No	Please do so before the first class meeting or end of first week
<b>Step 6</b>	Did you complete a lab activity and/or lecture practice quiz?	Yes	Great! You are on the right tracks. Remember you have two attempts and can identify your mistakes after the first try.
		No	Do so sooner than later so you have time to work on/clarify any part that is not clear before the exam.
