

# SUMMER

DUCH!! Summer came along and brought the sun. So bright in the sky and it hurt Mr. Greens eye. On the beach, Mr. Green can hear the seagulls SQWAUK! SQWAUK! Up in the sky they like to fly. The waves glide on the sand. Mr. Green can feel the water on his legs. Mr. Green enjoys the summer because he knows that autumn will come.

# PLAY TIME

I have more marbles than you!

NOT FAIR!  
Mr. BROWN!!

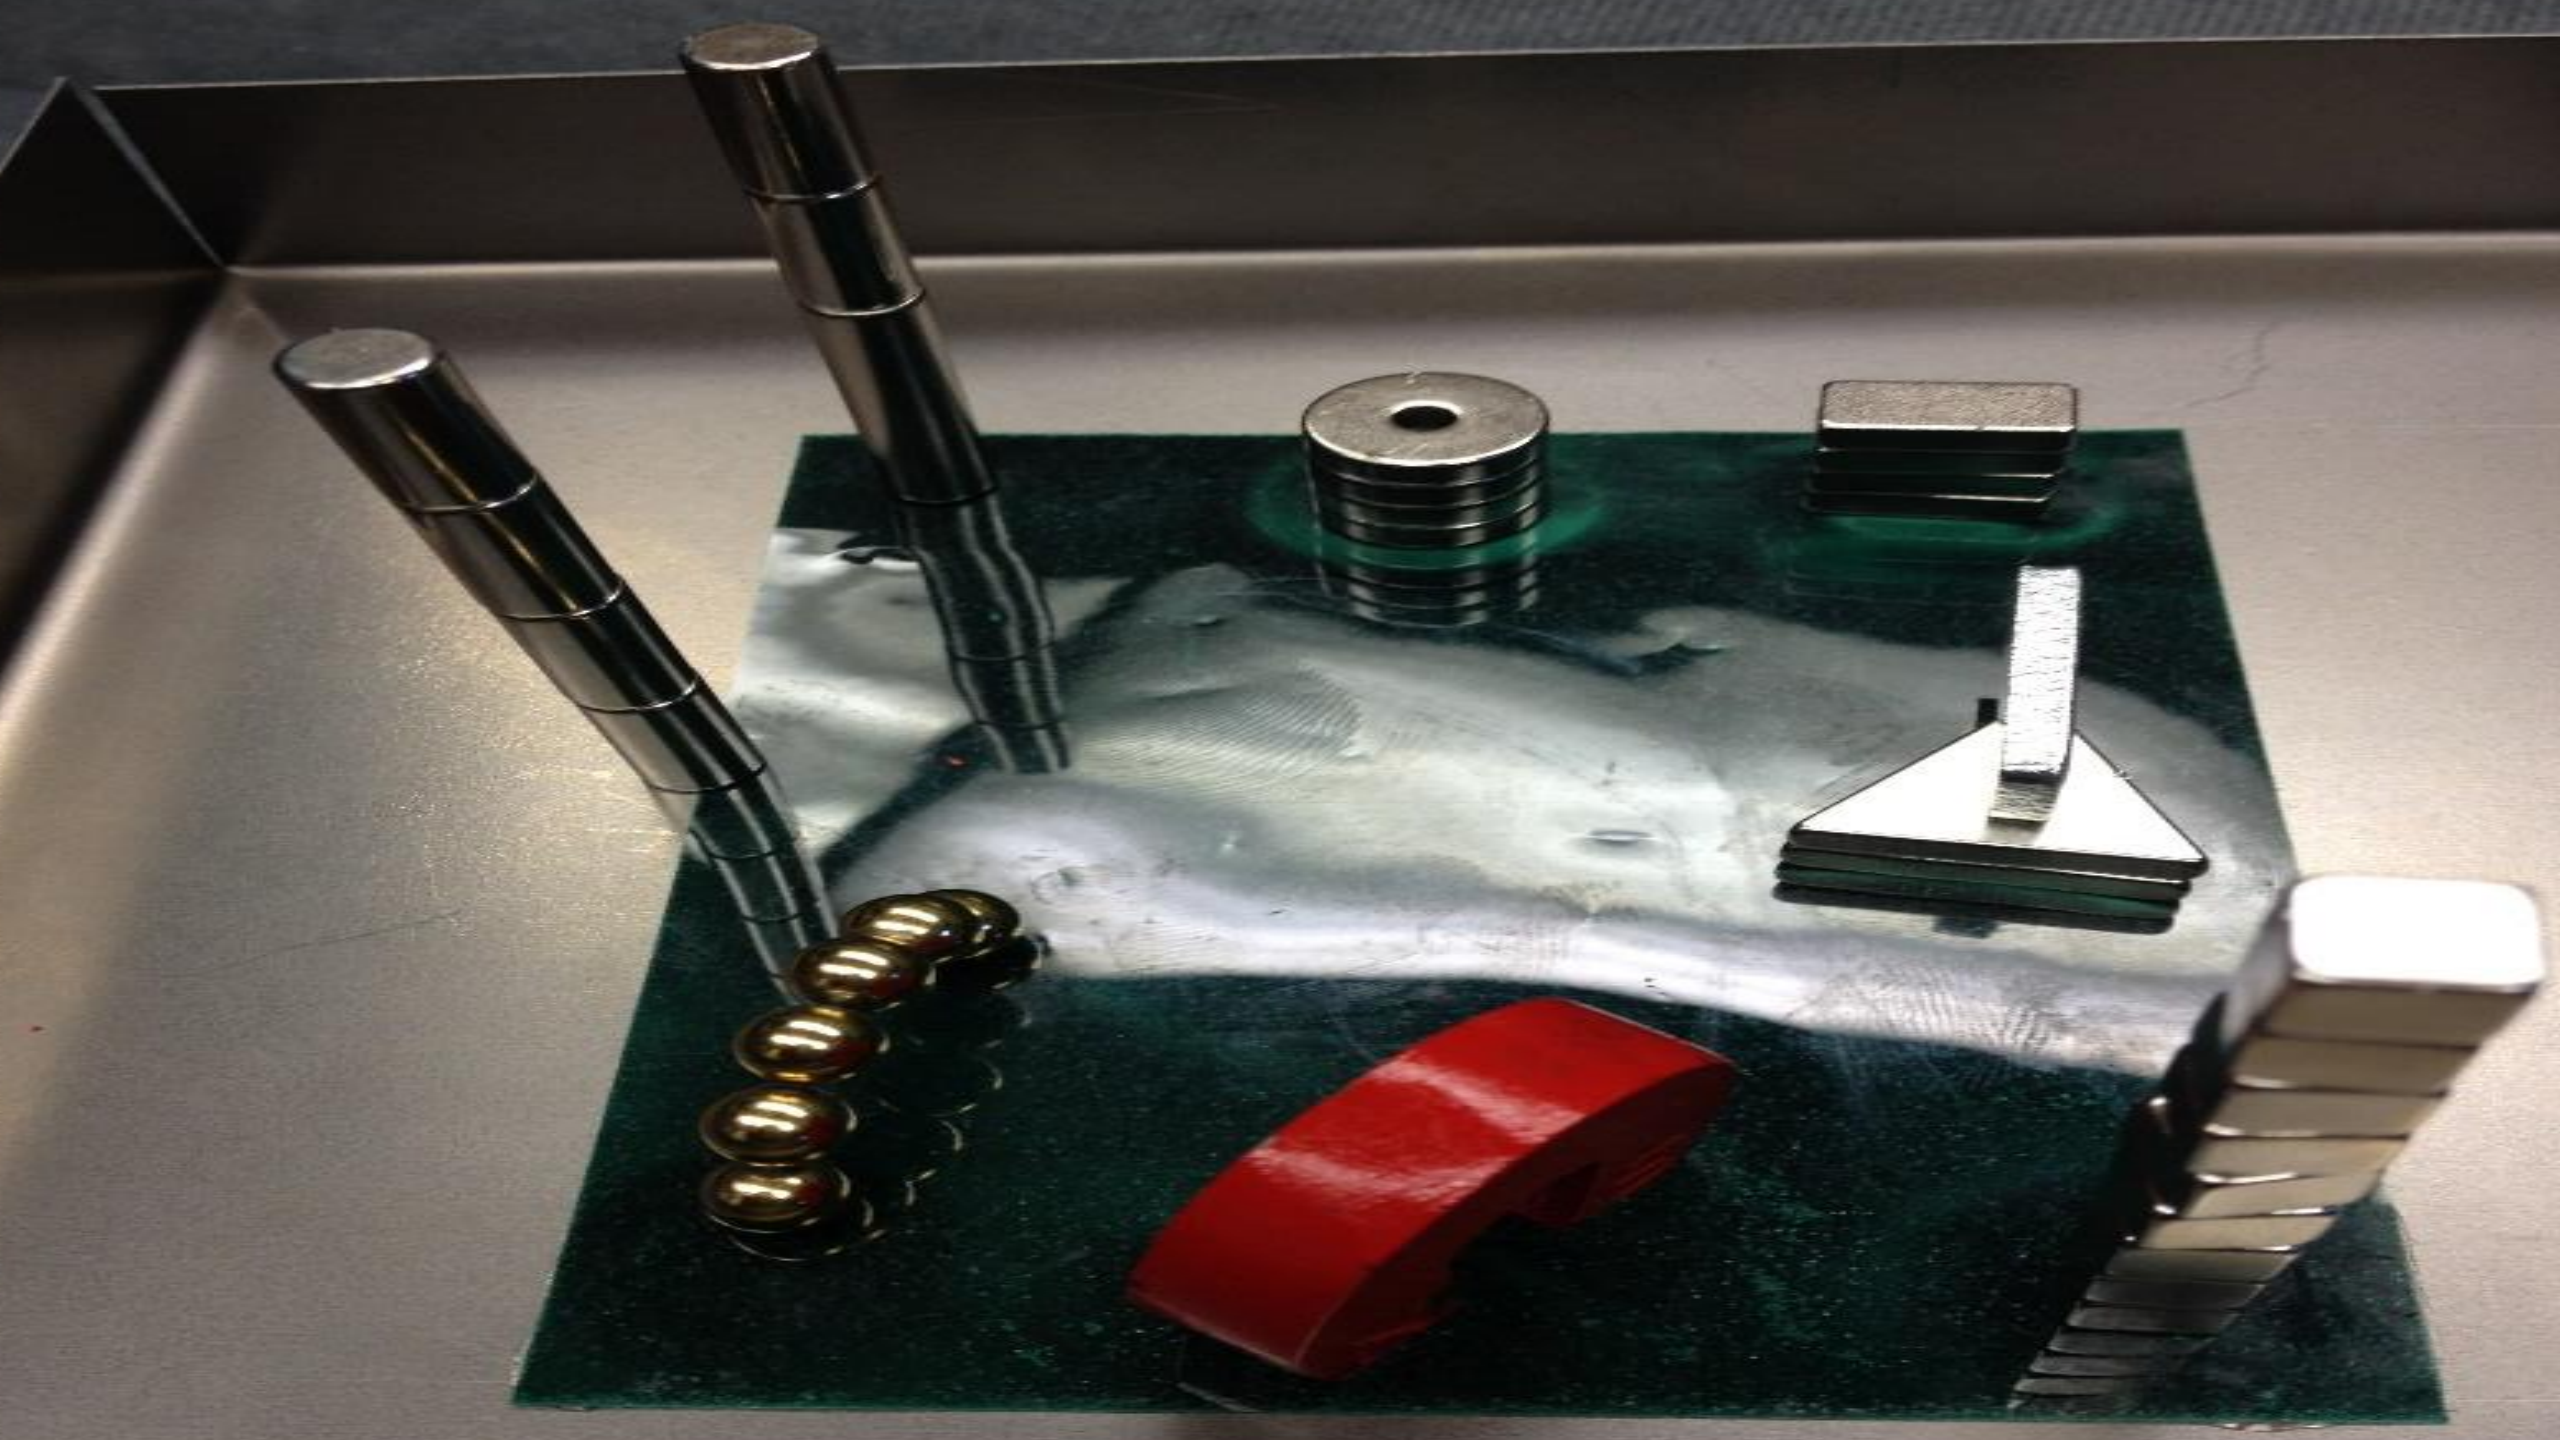

Max has the same number of marbles Ari. If we put them in this tall tube, it's the same. Let's count!

Oh the tube just looks taller even though it's the same number.  
Thanks Mr. Brown!
