

# What are the different types of solutions for the different types of pollution?

Eriq Ahmad

ENG 1121 U3 project

# Pollution

- Who am I?
- Why did I choose this topic as my research question?
- Why am I interested?
- What type of audience am I trying to inform?
- Why is pollution a bad thing? Why are solutions important for us to know?

# Water pollution

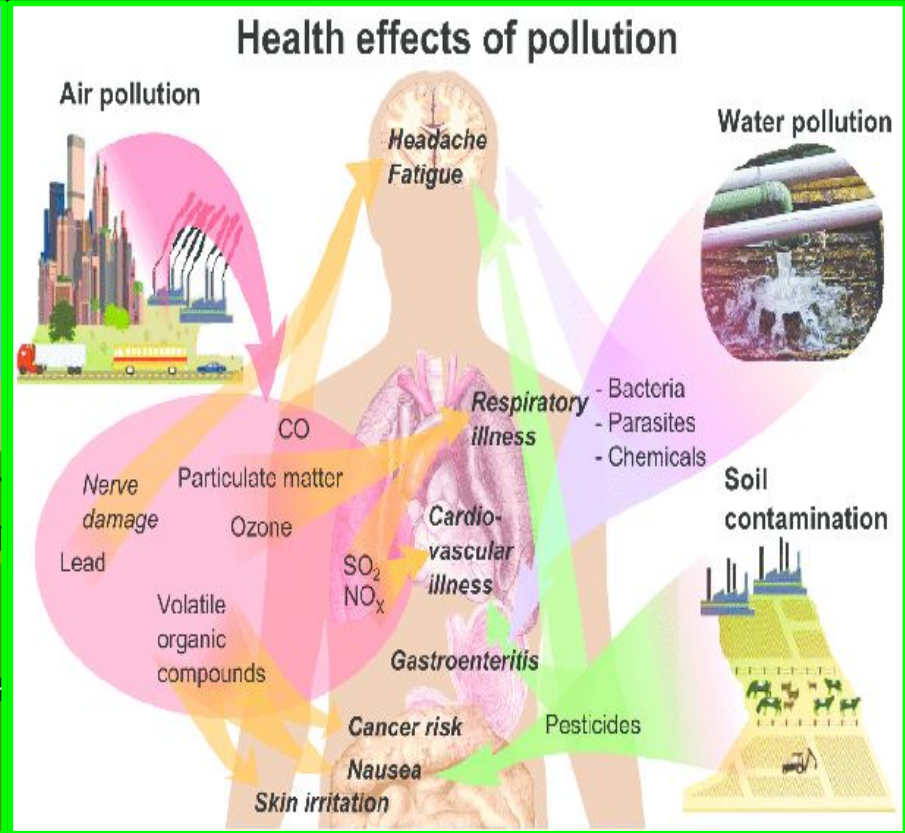

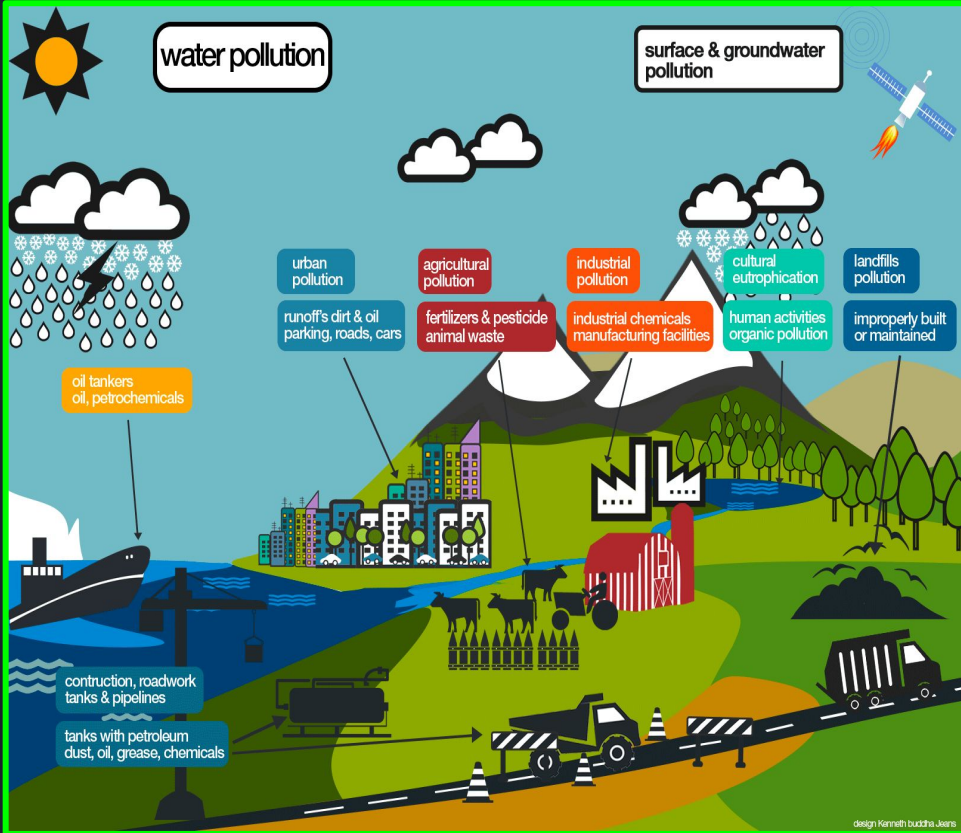

# Land Pollution

# Air Pollution

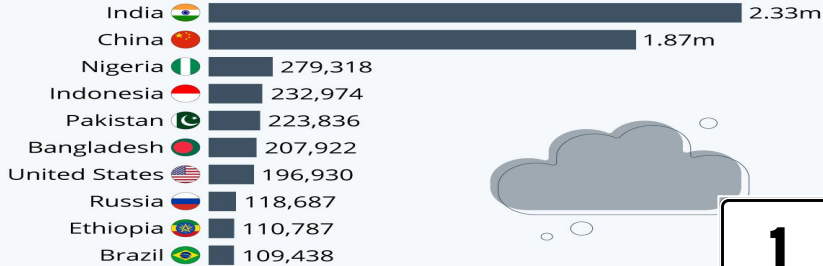

# Study: Pollution Kills 8.3 Million People Annually

Estimated number of premature pollution-related deaths per year\*
