

# PROFESSIONAL DEVELOPMENT GUEST SPEAKERS SERIES

## ANNMARIE BHOLA: DIFFERENT OPPORTUNITIES IN THE BUILDING INDUSTRY

Annmarie Bhola is the CEO of Enhanced Building Solutions LLC (EBS). She is a seasoned professional, with over 20 years of industry experience in Field Project Management and Engineering Operations. Most of her time involved managing trades to complete projects in a timely manner and training in house staff to operate equipment efficiently. In 2015 she worked at a start-up company, LogCheck, who developed a mobile app that serves operating engineers, all across the United States, in all types of facilities. She supports operation methods and techniques from older staff but embraces new technologies for the incoming generation.

## BALVINDER DEONARINE: UNDERSTANDING CON EDISON'S LANDSCAPE

Balvinder Deonarine is a Department Manager at Utility of the Future Organization of Consolidated Edison Co. of NY. She is currently working on facilitating the installation of Large Scale Energy Storage in New York City. She has worked in many initiatives associated with promoting the integration of Distributed Energy Resources (DER) into ConEdison's Electric Grid. She has also been assisting in the development of DER market both at the distribution and wholesale level.
