

ASCE LONG ISLAND BRANCH YOUNGER MEMBER COMMITTEE 2023 STUDENT SCHOLARSHIPS

The American Society of Civil Engineers represents more than 150,000 members of the civil engineering profession in 177 countries. Founded in 1852, ASCE is the nation's oldest engineering society. In North America alone, there are 76 Sections, 160 Branches, 105 Younger Member Groups, and 302 Student Chapters.

Engineering pushes the limits of innovation through imaginative means. Civil engineering is a profession that can directly influence the public in a number of beneficial ways. Whether that be through transportation development, construction, structural design, water resources, etc., civil engineers provide for a more functional society. The 2023 scholarship application essay prompt topic is as follows:

"How does the work of civil engineers impact the health of the public and how could you envision contributing to that function?"
