

STOP ASIAN HATE

The Asian American and Pacific Islander (AAPI) has been through a lot of things this year. Racism, Xenophobia, attacks, crimes and decrease in business sales.

HOW TO HELP/SUPPORT

Walk with them.

If you see an elderly Asian person don't be afraid to escort them home. Be someone that can protect. Assure them they don't have to live in fear.

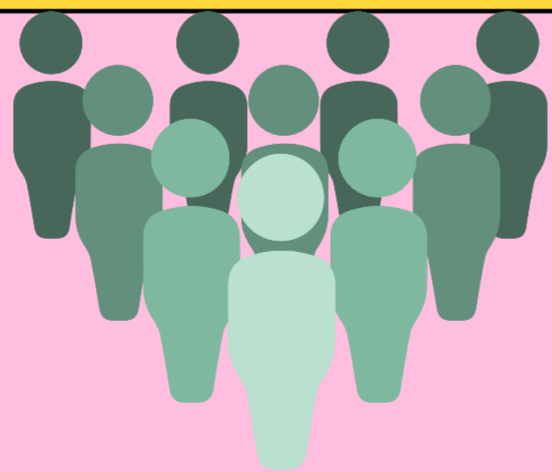

WHY IS THIS HAPPENING?

The novel Coronavirus shut down the world and put many out of jobs, and killed millions. Many blame Asian Americans for this because the virus was first spotted in China and Trump blamed China for this pandemic.

THE STATISTICS

The NYPD reported that hate crimes motivated by anti-Asian sentiment jumped 1,900% in New York City in 2020. Stop AAPI Hate, cataloged nearly 3,800 hateful incidents — which is not limited to crimes — during the first year of the pandemic.

SUPPORT SMALL ASIAN BUSINESSES

Chinatown saw 75% of its storefronts become nonoperational during the pandemic. Go to a local Asian business and buy something from them to support.
