

Let's start a Printmaking Club here at City Tech!

We'll bring in speakers, host demos, and generally promote fine art printmaking.
That would include screenprint, relief printing, intaglio, and lithography.

Printmaking Club Information Meeting

N1104, Thursday, Feb. 5, 1pm

Students are able to start clubs as long as they have a minimum of 15 people, an advisor and a constitution. Let's meet up and gauge the interest level of the students so we'll be ready to make the club a reality!

For more information, contact Professor Clarke: sclarke@citytech.cuny.edu
