

# MoodBoard Template

Photoshop Walkthrough

# Download & Open MoodBoard Template in Photoshop

There are 2 templates

# In Photoshop, you will see layers and instructions

# Find an image for your MoodBoard & Open in Photoshop

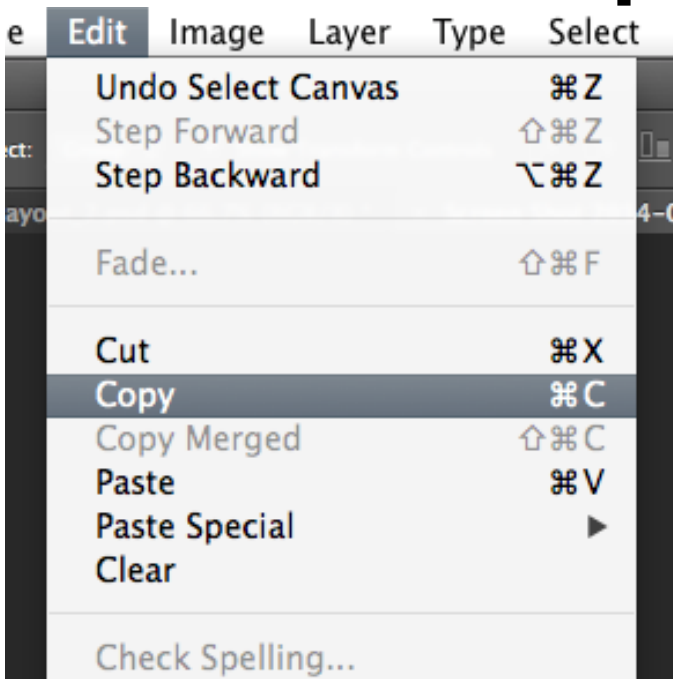

Inside chosen image, do the following

## Menu: Select/All

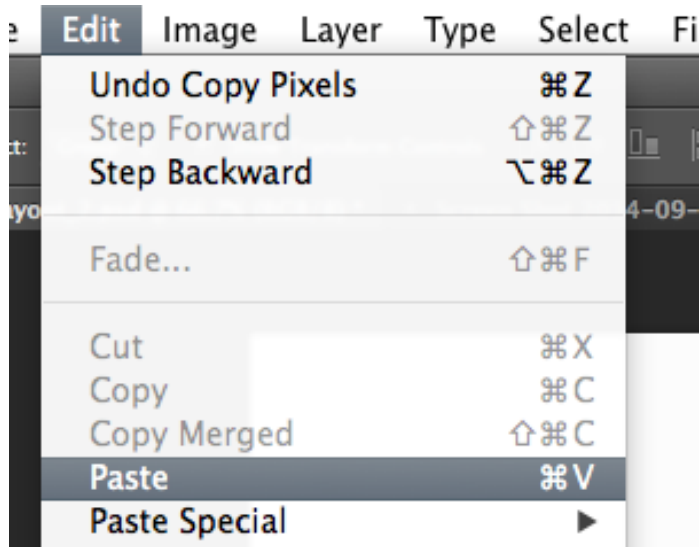

## Menu: Edit/Copy

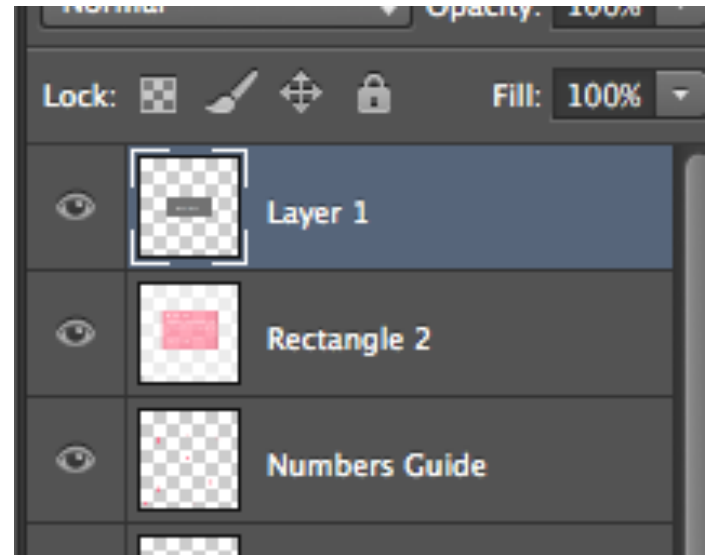

# Switch to MoodBoard Template

## Menu: Edit/Paste

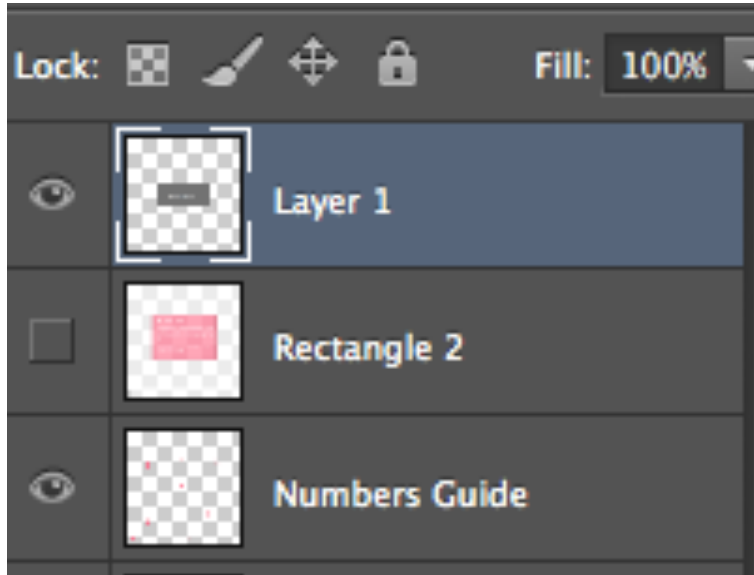

Your chosen image will appear in the Layers palette

# In MoodBoard Template:

Turn off the Layer 'Rectangle 2' to hide the instruction box

**The Layer 'Numbers Guide' should stay visible to guide your image placement.**

# Drag pasted image layer to above layer on grid.

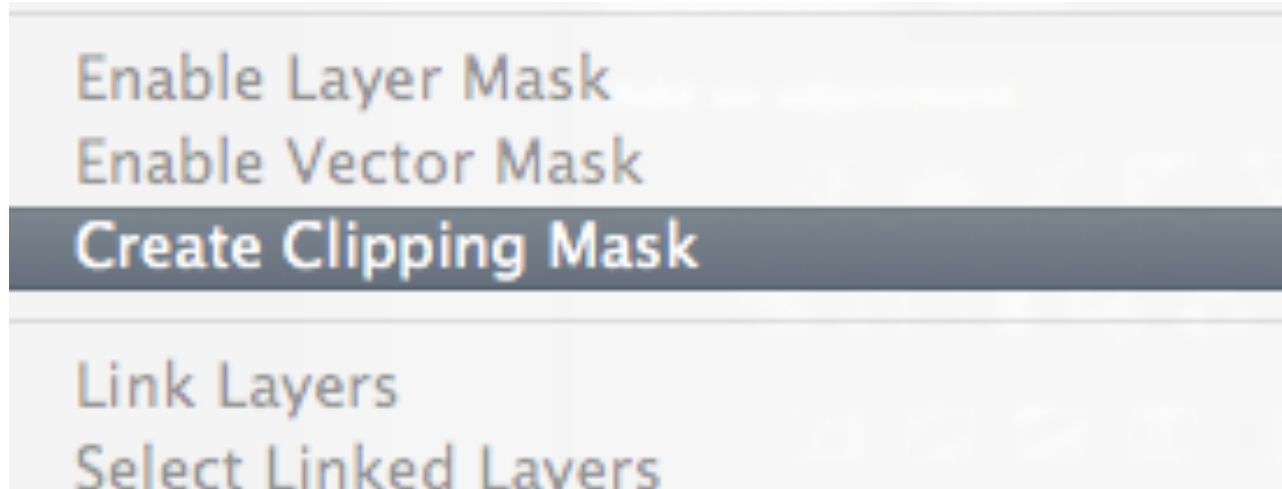

In this example, the chosen image will be placed in grid space 5. So, the pasted image layer ('Layer 1' in ex.) will be dragged to above Layer '5'

# Create Clipping Mask

**MAC: control+click**      **WIN: right-click**

# Adjust chosen image

The image will appear within grid space 5.

Adjust the image as necessary

**rinse & repeat**
