

Hello Iasmel

I'm looking for an internship to complete my degree. My main focus is audio for media. In college, I worked on live performances and sound design. I even created my own sound booth to record ADR, Voice over and Foley.

I recently heard that Digital Bodega has split off from the Ghetto Film School and is doing its own work. I would like to be a part of this new company and learn more about sound by working in new projects. The best way I learn is by hands-on work.

I hope to hear from you soon.

Sincerely

Raul Aguirre
