

Creating a monotone look (1 color) in InDesign.

* Note: There are multiple ways of achieving this effect.

Start in Photoshop: Go to **MODE>GRAYSCALE**
PHOTOSHOP will ask if ok to **Discard color information> DISCARD**
Save as a JPEG (or a TIFF)

Go to InDesign and place the image:

Select the image with the **Selection Tool** (black arrow), make sure color the **FILL** color is **NONE**

Then

Select the image with the **Direct Selection tool** (white arrow), make sure the little hand shows over it.

Then **select a color and tint for image**
