RAINBOW

PURPLE
OR
BLUE

A glowing rectangular frame is centered on a dark purple background. The frame consists of two vertical bars on the left and right sides, which are bright blue. The top and bottom horizontal bars are bright orange. The background behind the frame is a gradient of purple and blue, with some faint, lighter-colored shapes that look like stylized clouds or smoke.

HAPPENS.

ROJOCOLOR

DESIGNER STATEMENT

My art work is based of color text and images , the images that I used are mostly wrong images full of color and by using photoshop I was able to add effects to certain images. The purpose of my piece of work was to combine a book that describes me and my interest In the design/art field. I am strongly attracted to color and light. so that's what this book is mostly created by, the message I aspire to send out to the audience is happiness and comfort. to be able to see my work and receive good vibes. I plan on using color and image from now on and use it as a way to inform the uninformed its a long proceses but it all takes time .

Thank you
