

WHAT IS OPENLAB?

The **OpenLab** is a new open digital platform for learning and collaborating, created by City Tech students, faculty, and staff. Anyone at City Tech can join the OpenLab.

The **OpenLab** allows its members—students, faculty, and staff—to share their work with one another and with the world beyond City Tech. Over 4500 people are already using the OpenLab for their courses, projects, clubs, and portfolios.

The **OpenLab** is a key part of the U.S. Department of Education Title V grant-funded project, "A Living Laboratory: Revitalizing General Education for a 21st-Century College of Technology."

Get involved! Want to work with us? Let us know! We have internship, blogging, and other opportunities.

Give back! Help us make the OpenLab better! Send us your ideas, complaints, and suggestions.
