

Internship Summary

This summary is for my internship with Professor Rebecca Heritage, Even though I was late to get a internship also wasn't able to find a Video Operator or Editing internship. This internship help me in other Experiences, Like Beta testing, Editing Photograph or Logos, Dealing with Photoshop and Illustrator. Which help me too advance my Resume even Further. There was some video Editing work, but wasn't as much as i wanted too do.

The internship did start late, so i had to work towards the summer. unfortunately due too robbery too Professor Rebecca Heritage. We had to finish the internship, but this internship has improved me into making my career larger.

In the end, It was very fun too intern for Professor Heritage. got too learn a lot from her and got to learn whats it's like to work in a email too email, and person too person contact working Environment.
