Funkster

52 LETTERS WITH STEP BY STEP ILLUSTRATIONS

unkster is a smart, friendly, and groovy style that will help add a bold look to your lettering phrases. This distinctive hybrid is a unique blend of script, Roman, and italic. This is the perfect style for display type, logos, shirt designs, and more.

In this workbook, you'll learn how to draw both upper and lowercase letters, step by step. You start by drawing out the skeleton of each letter and add a varied weight with pointed serifs at the ends. Finally take the time to fill in the letter while making refinements for better weight consistency.
