I am an aspiring sound and lighting engineer, with experience in video systems. My goal is to hone my skills in sound, lighting and video systems to be more versatile in the entertainment technology industry.

Work Experience

Gravesend Inn Hotel Attraction (Brooklyn, NY)   **April 2017 –October 2017**
Sound and Lighting Engineer

Volunteered over 100 hours on sound and lighting installations for the haunted house attraction. The exhibit was open for 9 days and attracted over 2000 people. The sound system included a DM1000 digital console and a Dante network. The Lighting system included Grand Ma and ETC Ion console.

Baldo Sound Design & Entertainment   **June 2017 - present**
Sound Engineer

Responsible for installing mixers, speakers, television and monitors for big and small events
Worked on weddings, parties, and fashion show that was held in Hotel Pennsylvania

Ubereats (New York, NY)   **January 2016 – June 2016**
Delivery boy
