---

## PROFESSIONAL EXPERIENCE

**Dental Hygiene Student, 08/2021 to 05/2023**

**New York City College Of Technology - Brooklyn, NY**

- Screened patients for signs of oral cancer, lesions, or disease by visually and manually inspecting mouth and gums.
  - Maintained accurate medical and dental records by documenting important patient data in Dentimax.
  - Improved and developed knowledge through continuing education courses and seminars.
  - Exposed both intraoral and extraoral dental x-rays.
  - Took impressions for night guards and appliances.
  - Complied with OSHA and corporate safety policies and standards.
  - Applied fluoride and dental sealants to protect patients' teeth from decay on children and adults.
  - Developed and implemented individualized dental care plans for patients.
  - Counseled patients about proper nutrition and self-care programs.
  - Skillfully used hand instruments, ultrasonic cavitron inserts and prophy handpiece to remove hard deposits and stains from teeth.
  - Educated patients on proper oral hygiene and nutrition and provided instructions for brushing, flossing and other preventive care.
-
