RE: Yelena Funk, RN

TO WHOM IT MAY CONCERN:

This letter is to recommend Yelena Funk, RN, for employment as a registered nurse.

Ms. Funk was a student in my clinical rotation in psychiatric mental health nursing while she attended New York City College of Technology in pursuit of her nursing degree. She demonstrated excellent nursing skills in assessment, and intervention. She was able to make a therapeutic relationship with our patients on in-patient psychiatry and exhibited empathy and caring while delivering her nursing care.

I would certainly recommend Ms.Funk, RN for employment.

Thank you.

Sincerely,

Irene R. Pearlman, RN, MSN, MA, BC
