Attn. Admissions Committee,

It is with great pleasure that I write this letter of recommendation for Yvonne Tulsie-Seymour. I have had the good fortune to work as her nursing supervisor for the past 6 years. As the Associate Director of Nursing for the MICU and the Special Pathogens Program I have interacted with Ms. Tulsie-Seymour in several venues of patient care from caring for a patient with viral hemorrhagic fever to a critical ICU patient. She has also mentored student nurses and is tireless in her dedication to the patients.

Ms. Tulsie-Seymour works well with her fellow ICU staff members and her collaborative team members. She functions very well in all circumstances and is able to change her direction and priorities in her care quickly. She cares not only for our patients but their families. She is compassionate and caring and this is evidenced by her rapport with them. Ms. Tulsie-Seymour also is a strong patient and family advocate. She is an eager and quick learner and shares this passion with other staff members.

In closing Ms. Tulsie-Seymour is the kind of nurse I want to work with and want to take care of my family. I recommend her without reservation and hesitation. If you have any questions do not hesitate to call or email me.

Regards,

Patricia Ann Tennill RN BSN

To Whom It May Concern:

I have had the distinct pleasure of having Ms. Yvonne Seymour as a student in the Leadership Summer Course at Kings County Hospital June 2016. Ms. Seymour was an exceptional student who consistently delivered the highest quality patient care. She possessed superlative critical thinking abilities and demonstrated outstanding leadership and maintained a clear sense of purpose.

During her interactions with Nursing Management Leadership of the Behavioral Health Team, Ms. Seymour was conscientious, respectful and professional at all times. She was enthusiastic, focused, eager to learn, displayed great initiative, and was an effective team player.

I hereby verify that Ms. Yvonne Seymour is an exceptional Registered Nurse who possess the qualities of a future nurse leader.

Respectfully,
