

Strengths

I am very hard-working and outgoing, responsible and determined, and extremely creative. I am focused and can complete a task in a timely manner.

Passions

I have many passions. I like fashion; the creation, the background onto what inspired the designer, how a marketing team creates the idea that you need the product. I like writing; creating stories that put you in a different mood. I like interior design; I have only ever redecorated my room and a friend's room, but I believe I have an eye for putting things in certain places. Also, I really enjoy baking; creating something from scratch and seeing how it develops throughout the whole process.

Work Experiences

I have mostly worked with children. I won the lottery with the Summer Youth program and have worked at day cares. Currently, I am working at the Brooklyn Children's Museum.

Life Experiences

My dad is very entrepreneurial and having witnessed that growing up has made me very certain that I want to be in business and want to own my own business. I feel like I have gained a lot of knowledge about what it is like have your own business that textbooks don't necessarily teach you.

Volunteer & Co-Curricular Work

In the Summer of 2019, I worked at Babel Fair Showroom where I learned how to setup and organize a showroom for potential buyers, packaged samples to send to potential suppliers, and helped prepare for trade shows. In the Fall of 2019 to the present, I have been working with a celebrity stylist. I have been doing pick-ups and returns, organizing the office, and helping with social media.

Network

At Babel Fair Showroom, I attended the Cabana New York trade show where I helped potential buyers get background information on the products and how they sell. At KWeb Image Inc., I have been allowed the opportunities to go to Karla Otto Press Day and a Philip Lim Studio Day.

Personal Short-Term Goals

I would like to take a vacation. I have been in school for almost all my life and I need a break to just relax. I would like to start going to networking events and making connections in the fashion industry. I would like to practice my writing and see if I could do editorial work. Also, I would like to take baking classes because that can be helpful for my long-term goal.

Professional Short-Term Goals

I would like to start doing production work and hopefully working in the costume department. Also, I would still continue to help at KWeb Image Inc. and help run the online store where we will be selling clothes.

Personal Long-Term Goals

I would like to be financially secure and able to purchase an apartment in Brooklyn or Manhattan, and buy property that I can flip and sell, or rent.

Professional Long-Term Goals

I hope to be a creative director at a magazine. I would love to be a recognized costume designer for film. Also, I want to open my own bakery and restaurant.
