

Developing Department Specific New Student Orientation Goals

Workshop facilitators

Monday, February 8, 10:00-11:30 -Anthony DeVito and Susan Lifrieri-Lowry

Tuesday, February 9, 11:30-1:00- Emma Kontzamanis and Bridget Maley

Wednesday, February 10, 2:30-4:00- Anthony DeVito and Susan Lifrieri-Lowry

Agenda

Welcome and Introductions

Question- What do you wish you had known your first day of your undergraduate education?

Why we are here

- ❖ To assist departments in designing and implementing freshman student orientations that makes the transition to college life at City Tech welcoming and informative.
- ❖ To create consistency throughout the college for new student orientations
- ❖ By the end of the workshop series committee members will have a working itinerary for the department's New Student Orientation

Using the template for freshman orientation, start to examine the areas in your departments that need to be explained to new students. If an area doesn't apply to your department what would be a good replacement?

Goals and targets for each department

What information do freshmen need to know to succeed in your department?

- ❖ Opportunities, certifications and resources
- ❖ Academic requirements
- ❖ What does professionalism look like in your department?

How would you translate and categorize that information into a presentation at orientations?

How will your team collaborate?
