PROJECT DESCRIPTION:

The back view of the chair is also known as 'achteraanzicht' and the plan view is known as 'bovenaanzicht'. This chair was originally designed by Gerrit Rietveld in 1963. It was later redesigned by Johannes Steltman as a leather version. Stelman made a limited edition of 50 right facing chair and 50 left facing chairs. The first of these leather chairs were two colors; white and gray brown. This version is marked with the Steltman logo and each chair has a giftbox that contains the history of the chair.
