PROJECT DESCRIPTION

CARDBOARD FURNITURE CAME ON THE SCENE DURING THE SIXTIES AS A CHEAP AND LIGHT ALTERNATIVE TO TRADITIONAL FURNITURE. AT THAT TIME ATTEMPTS WERE MADE TO REINFORCE THE SUPPORT OF THE SINGLE-LAYER CARDBOARD OFFERED BY USING FOLDS, TABS, SLOTS, AND OTHER DEVICES. NEVERTHELESS, CARDBOARD WAS NOT ABLE TO COMPETE AGAINST PLASTIC, WHICH WAS JUST AS LIGHT. FRANK O. GEHRY DISCOVERED A PROCESS THAT ENSURED CARDBOARD FURNITURE-MAKING A NEW BURST OF POPULARITY.
