# **City Tech "Maker" Club**

(formerly the Green Manufacturing Club)

## **Mission Statement**

We, the matriculating students and members of the New York City Technical College Department of Engineering & Industrial Design Technology Mechanical Department, in order to provide a more practical and on site hands-on application and experience of the Mechanical Engineering Discipline technical knowledge and skills acquired in this Institution of Higher Learning in the ingenuity of this technical field hereby and forthwith establish the City Tech "Maker" Club, (formerly the Green Manufacturing Club). As New York City Technical College continues to prepare, educate, train, prepare and matriculate the present and future leaders towards the practice of the Mechanical Engineering Discipline, this club will supply, house and allow tenancy to the students who uphold the articles of this charter.

This mission of this club will provide the required tenancy space, in order to idealize, create by design, specification, manufacture, procure and build projects with a sufficient amount of resources including tools, materials, equipment and the all respected discipline and management processes to ensure successful Mechanical Engineering protocol as will be called for in the Industry beyond matriculation.

Projects will be feasibly studied, planned, approved and authorized by the Advisors, students and Professors who do so under a set of Student Government Association By-Laws to be respected and used to further enhance NYCT Mechanical Engineering Students to the ways and means of Engineering as practiced in real world industry.

All individuals who maintain titles as club administrative official positions are to be assigned, promoted at will with the utmost of moral integrity, respect and duplicitous discipline for the general welfare and prosperity of the continuance of life-long learning. These individuals will dutifully uphold strong and sound educational and academic integrity of not only other club members and themselves, but also to those students who share our department, school and career goals, do ordain and establish this constitution of the City Tech "Maker" Club, (formerly the Green Manufacturing Club).
