

To whom it may concern,

I am writing to express interest in the graphic designer position available at Sony's audio/visual products division.

I believe that my prior experiences in graphic design and advertising, as well as copywriting will be valuable assets to solving the design and advertising challenges that a large scale company such as Sony may face. My design skills include proficiency with Adobe InDesign, Photoshop, Illustrator, Premiere, and Adobe Muse. I have proficiency in taking, editing, cataloging, and composing photos for still life subjects and models, and shooting and editing video. I believe these proficiencies will open up a wide range of possibilities for creating new forms of advertising that your customers will enjoy engaging with.

I have enclosed my resume for your review, and hope that you consider me as a candidate for employment. I look forward to hearing from you soon. Thank you again for taking the time to read my letter.

Sincerely,

Ryan Melendez
