- **Step 8:** Choose Spices.
- **Step 9:** Make it a meal?
- **Step 10:** Eat-in or Take-out?

6 Let's Get Start it

Before you enter the store, you should be dress up as a normal person, and the reason for it is to let people think that you are normal, because first impression matter! And remember, because you can order your own sandwich, so you can pick or do whatever you want as long as you pay for it. Also, don't laugh during the process.

- **Step 1:** Ask for a Sub

! trick: before you start ordering, give the worker a big smile, and greet them, this will make you looks normal and they will be considering you are a nice person, and that will make the worker to serve you better.

Ex: 1, Friendly way, "Hi, how are you?"

2, Cool way, "Hey, What's up?"

- **Step 2:** Select your bread - (*there are 5 choices*). 9-grain Wheat, 9-Grain Honey Oat, Italian, Italian Herb & Cheese & Flatbread (see bread picture in nomenclature)

! trick: pick the flatbread, because this kind of bread is the hardest to close.

- **Step 3:** Select your size - 6-inch (half bread) or Footlong (whole bread)?

! trick: pick the Footlong, the bigger bread the more worst, it can put more stuffs in it.

- **Step 4:** Select flavor meal. There's meat, eggs & veggies. There's warm subs, cold cuts and melts. There's spicy, indulgent and better for you options. (see meals picture in nomenclature)

! trick: you can choose anything one, but make sure you ask for a double meat and add extra meat on it.

- **Step 5:** Cheese/Extras: American, Monterey Cheddar, Pepper Jack, Swiss, Provolone, bacon, pepperoni. (see cheese picture in nomenclature)

! trick: you can choose anything one, but make sure you ask for a double cheese and add extra cheese on it.

- **Step 6:** Toast?

! trick: VERY IMPORTANT step.

1st time: Ask the worker to toast the sandwich on the oven.

2nd time: When it comes out, tell them "I like it crispy! Can you toast it again please!" normally the worker will do it for you.

3rd time: When it comes out, you will observe the sandwich for a few seconds and at the meantime you can making some noise like "hmm", or "err" to express your disappointment. Then say "I want it a little bit crispier, can you toast it a little bit more, please, thank you!". The worker will do it for you if you insisted.

4th time: repeat the last step. If the worker is confusing, just tell them the “truth” that you really love the crispy bread and promise you are serious, and ask your buddy to help you by saying you are the weird one or crazy one, then the worker should believe in you that you are crazy, and he will toast the bread again.

5th time: repeat the last step. If the worker start getting frustrate, just tell them you have money and will be paying, if that is not working, it's time to pull out your 50/100-dollar bill and hand it to them, and don't forget to say thank you and be polite.

6th time: repeat the last step until your bread look as the picture below:

- **Step 7:** Veggies: Lettuce, tomatoes, green peppers, banana peppers, jalapeno peppers, onions, cucumbers, spinach, black olives.

! trick: ask for everything, because the veggies are free! When the worker is finish putting everything, then you ask the worker for more lectures or other stuffs and tell them you love those. Your sandwich should be similar to the picture below. If the worker say he/she can't close the bread, you can say “it's ok, you don't have to close it.”

- **Step 8:** Choose your sauce or dressing: Ranch, Lite or Regular Mayo, Chipotle Southwest, Fat free Honey mustard, sweet onion, red wine vinegar and mustard - regular or spicy.

! trick: ask for whatever you want, because the sauces are free too! and keep asking for more like what you did for the veggies part. See example below:

- **Step 9:** Spices: Oregano, Salt & Pepper, Parmesan, Red pepper flakes

! trick: ask anything you want, and keep asking for extra.

- **Step 10:** Make it a meal? Choose your chips (from another plethora of choices), or apple slices, yogurt, drink options, cookies.

- **Step 11:** Eat-in or Take-out?

! trick: take-out, so they have to rap the sandwich for you. If you are successfully make to this step, you can tell that the worker who serving you is very patience, and before you leave, don't forget to tips a good amount to that worker.
