

## Final Exam Procedure Fall 2021 – MAT1275

The final exam will open on Thursday, 12/16/2021 at 12:00am and close Friday, 12/17/2021 at 11:59pm. This is a **48-hour** opening window.

- You have 2 hours to complete the exam once you begin, with 2 submissions allowed.
- 24 hours after you **complete** your first exam, you may begin a second exam. This second exam will have the same permissions: 2-hour time limit with 2 submissions allowed.
- Keep in mind there is a **24-hour waiting period** between exams. This means, in order to do the exam twice, you must begin your first exam before on Thursday, 12/16, before 10:00pm. **If a first attempt is made on 12/17, there will be no chance for a second.**
- The second attempt is optional.

For grading, I've decided on making **WebWork worth 20%** and the **written work worth 80%**, with an oral conference to be scheduled at my discretion. I will email you before Monday 12/20/2021 if I need an oral conference. Please check your email and reply to me in a timely fashion. Based on the oral conference, I reserve the right to raise or lower your written work score.

### FINAL EXAM RULES

The final exam must be taken on WebWork, with the written work uploaded to your Dropbox folder within 2.5 hours of your start time. Late submissions will result in points lost at a rate of 10 points per hour on the written portion.

**Submissions must be named with your lastnamefirstname date finalexam1 for the first attempt.**

For example, if King Dedede takes the final on December 16, he will submit his written work as dededeking12162021finalexam1.pdf. For the second attempt, the only thing that should change is the date, to 1217, and 2 instead of 1 at the end.

Another example, if Zan Partizanne takes her second attempt at the final on December 18, she will submit her written work as partizannezan12172021finalexam2.pdf.

A third example, if Waddle Dee takes his first attempt on December 17, he will submit his written work as deewaddle12172021finalexam1.pdf. Keep in mind that this person will not get an attempt at a second exam since the first one was taken on 12/17.

Some other rules:

- For the exam submissions, they must be 1 PROBLEM PER PAGE.
- Write your full name, date, and student ID on top of EACH PAGE.
- Submissions must be 1 single .pdf file with problems listed in number order. If you leave a problem blank, submit a blank page in its place, with the problem numbered.

- Make sure your writing is clear. You may rewrite your problems after your exam is done, but keep in mind that if your submission is late, you will get points deducted.

**To avoid unnecessary points taken off, please follow these rules. Failure to follow these rules will result in points deducted.**
