ComD 1162   **Project 3   Study** for D048   **Due 2:50 PM on 04/27/22**
You must also follow guidelines in Quiz 1 and Quiz 2 Study, previous projects and the course syllabus.

Raster (1a)
Please use the assigned jpeg file for your Project 3:
GRAPHIC   PATH 1   PATH 2   PATH 3   PATH 4

{10 points} Raster Part 1 of 3

Target and embed "SNAP 2007" profile. **PhotoShop .psd file format.**

266 ppi @ 100%   CMYK mode 8 bit.
raster graphic to fit 5" by 3" with no distortion   6" x 4" document.
File ID. Page ID and 3-part copyright in 100% K.
All Page ID and copyright type is Arial Regular, 12 pt size, 13 pt leading, Optical spaced, Zero tracking,
                100% vertical & horizontal scale, no baseline shift, no skew.
.25" safety guides. All page elements fit into the Safe area.
Logically Named Layers.
Four (4) paths saved with logical names into the Path Palate: **includes one designated RCCP**.
Four (4) selections made from Path Palate and **saved with logical names in the Channels Palate**.

<u>**"K" channel detail must be emphasized in both the GCR and UCR layers.**</u>

{20 points}
Raster Part 2 of 3: One layer process designated with "GCR" (gray component replacement)

{20 points}
Raster Part 3 of 3: One layer process designated with "UCR" (under color reduction)

Vector (2a)
{10 points} Vector Part 1 of 2
Target and embed "SNAP 2007" profile. **Illustrator eps file format (PS Language Level 3).**
CMYK mode. 6" x 4" document. File ID. Page ID and captions in 100% K.
All Page ID and copyright type is Arial Regular, 12 pt size, 13 pt leading, Optical spaced, Zero tracking,
                100% vertical & horizontal scale, no baseline shift, no skew.
.25" safety guides. All vector elements fit into the Safe area.
Logically named captions on and for **Layers**. **No gray components or K in graphics.**

{40 points} Vector Part 2 of 2
(Total of two (2) "STEAM" graphics, on separate layers, MUST ALSO have contrasting "proof" layer.*)*
Two (2) type-based graphics must show this word: *(YourFirstName+Last4DigitsEMPLID#)*
Example: **Lloyd1234**
Type graphic starts as 60 pt type.
Use <u>different fonts</u> for <u>each of your two type-based graphics</u>.

Optima ExtraBlack   Skia Bold   Verdana Bold   Arial Black

Outline type used for two compound graphics. Contrasting fills and frames using Red or
Green or Blue colors. These two "STEAM" **type-based** graphics have 3 point frames aligned to
outside of stroke (AOS). **Strokes are overlapped**, outlined to **frames** and <u>**United**</u>.
